In this context the Key Stakeholders are the:

- Participants in an activity
- Managers and committees of participant groups
- Officials and service providers assisting in the delivery of an activity
- Management and staff of the RACERS licenced venues

Description of this Document:

It is important to state up front that this document does not contain or cover technical requirements, or sporting regulations. The responsibility for setting and enforcing these types of regulations resides with the Participant Groups that are undertaking activities

This document is to be concise and clear. It defines what behaviour is expected from participants. It does this by clearly listing the Transgressions, and how the Endangerment level of a particular Transgression is established. There is a table of Demerit points to be applied for a particular circumstance given the Endangerment Level and the Transgression.

This document consists of four main parts.

1. An explanatory pre-amble of the Underlying Principles
2. A list of the valid penalties and the Demerit Points that will incur the penalty
3. A Penalty Matrix which sets out the Demerit Points to be applied according to the Endangerment Level of the Transgression(s)
4. A matrix which defines the actions which establish an Endangerment Level for each of the Transgressions

Underlying Principles:

Egalitarian by nature - no monetary fines – Care & Safety of Others is Paramount

THE VENUE has responsibility to:

- Provide and/or train Officials to implement, police & enforce the RACERS CoC for all activities within a Venue's physical boundaries.
- Ensure that Participants are correctly Licenced to participate in an event, document the TRANSGRESSIONS that caused DEMERIT POINTS to be allocated and record the total number of points accrued to a driver for future enforcement if and when required.
- Support the enforcement of penalties allocated by the Participants' Group Management or Committee.
- Carry out independent spot checks and validate the accuracy of the Safety Check Lists for participating vehicles

Participants' Group Management or Committees take responsibility for:

- Ensuring their Participants understand the RACERS CoC and agree to abide by them
- Specifically referring Participants to the RACERS CoC in their entry forms & conditions
- The provision of the regulations for their group's activities e.g. No. of Competitors, type of vehicle, duration of activities and number of events to be held
- Provide the Technical Officers to ensure the compliance of Vehicles to their regulations
- Provide a Driving Standards Observer to ensure participant behaviour meets the requirements of the RACERS CoC – this responsibility may be delegated to an Official at the event
- Mandate the Safety Check Lists be completed by the drivers of participating vehicles
